
How to take assignment starter file

Tuesday, March 8, 2022 3:56 PM

1. Goto trainers-work folder and do a git pull

```
c:\react-training\trainers-work> git pull
```

2. Copy the desired file from 'trainers-work' to 'my-work; in the correct assignment folder

3. Complete the assignment in my-work folder

4. Do a git update from my-work folder

```
c:\react-training\my-work> git-update-branch assignment#2.1
```
